ROCK PLANTS

ANTHONEMA Warley Hybrid - Persian Candy-tuft - deep pink -	25c
A. grandiflorum - tallest and most spraddly; large flowers of glowing pink -	35c
A. stylorum - lovely soft lavender fls.; moderate size shrublet -	35c
AJUGA metallica crispa - curled, metallic, glossy lvs.; dark blue fls. -	15c
ALYSSUM diffusum - miniature sprawling plant with yellow fls. -	25c
A. repens - trailing mats of gray lvs and stems; mustard yellow fls. -	15c
A. saxatile - popular "Basket-of-Gold" - a gay bloomer in early spring -	15c
A. s. citrinum - soft yellow fls. in very heavy heads -	25c
ANDROSACE sarmentosa - gray-green rosettes; pink fls. on 4" stems -	25c
ANEMONE nemorosa Alleni - fine large fls. of clear lavender; 8 to 12" -	35c
A. pulsatilla - Pasque Flower - silky, hairy lvs.; lavender fls. -	25c
A. p. alba - unusual color form of very sturdy growth -	50c
AQUILEGIA alpina - large blue fls.; short spurs; 12 to 18" in height -	15c
A. Fauriae - large blue fls. spotted with buff; quite low growing -	35c
A. flabellata nana alba - dwarf; fls. white; short, incurved spurs -	25c
A. sachalinensis - fls. blue shading to white; very dwarf -	35c
ARABIS - evergreen variety - fleshy lvs.; fluffy heads of white fls. -	15c
A. alpina - Snow-on-the-Mountain - dense masses of white fls. -	15c
A. a. flore pleno - lush growing; heavy racemes of dbl. white fls. -	25c
A. a. rosea - foliage similar to type; fls. single, lavender-pink -	15c
A. a. variegata - white, single fls.; lvs. edged with yellow -	25c
A. rosabella - deep pink fls.; luxuriant growth -	15c
ARMERIA caespitosa - dwarf tufts of pointed lvs.; light pink fls. -	25c
A. maritima - Sea Thrift - grass-like foliage; robust growth; rosy fls. -	15c
ARTEMISIA Schmittiana nana - silvery mats of fringed lvs. -	35c
ASTER alpina - lavender rays; cluster of rich green lvs. at ground level -	15c
ASTILBE chinensis pumila - fat spikes of rosy-mauve fls.; dwarf -	35c
AUBRIETIA - lavender, purple, Crimson King, rose and variegated - each -	15c
BELLIS perennis - English Daisy - pink, white and red - each -	10c
BUXUS suffruticosa - Dwarf Box - stiff little miniatures for formal edgings -	40c
CAMPANULA carpatia, glomerata acaulis, istriaca, Poscharskyana, pulla, pusilla, pusilla alba, Raddeana, rotundifolia, turbinata - each -	25c
CHRYSANTHEMUM Amelia - pink, white, bronze and red (Little Joe) - each -	25c
C. Glory-of-Oaks - yellow; dwarf; summer blooming -	25c
CISTUS salviifolius - fls. white with yellow blotch on each petal -	25c
CORYDALIS lutea - fine, lacy greenery; golden blossom sprays -	25c
COTONEASTER adpressa - deciduous variety; low, spreading branches -	75c & 1.50
C. Dammeri daricenis - evergreen; horizontally spreading -	50c
C. humifusa - flat, whip-like branches; red berries in fall -	50c & 1.00
C. microphylla glacialis - upright growing; congested branches -	50c
C. Tibet - gracefully arching branches; red berries -	50c
DAPHNE genkwa - Garland Flower - plain or variegated lvs; fragrant; pink; 25 c	50c
D. mezereum - deciduous, upright shrub; fragrant lavender fls. in Feb. -	1.50
DIANTHUS Annie Laurie, coccineus and graniticus - each -	15c
D. caesius, caryophyllus, Little Joe and plumarius - each -	25c
DOUGLASSIA laevigata - basal rosettes of smooth lvs.; rosy fls. -	50c
D. l. Olympica - fls. almost red; easier to grow than the type -	50c
D. vitaliana - blue-gray cushions and almost stemless yellow fls. -	35c
DRABA olympica - dk. green foliage; sprays of sparkling yellow fls. -	50c
ERINUS alpinus - hairy green lvs.; purple fls. from April to June -	25c
E. a. carmineus - smaller mats with red-purple fls. -	25c
ERYSIMUM pulchellum - both sulphur yellow & orange-flowered forms - each -	25c
GENTIANA acaulis - large trumpets of rich blue; very early -	1.00
G. excisa - considered even lovelier than preceding -	1.00
G. Kurroo - trailing stems ending in clusters of large medium blue fls. -	1.00
G. Macaulayi - turquoise blue fls.; grassy foliage -	50c
G. septemfida - dk. blue fls. in head-like cymes; fall blooming -	25c
GERANIUM sanguineum - tangled growth of wiry branches; magenta fls. -	25c
G. s. album - more open in habit; snowy fls. -	25c
G. s. lancastriense - more compact than either of above; shell pink fls. -	50c
GEUM montanum - low growing form with bright yellow fls. 1" in diameter -	25c
GLOBULARIA cordifolia - fls. light blue balls above dark green foliage -	35c
GORMOLA laxa - rosettes of fleshy gray lvs. tinted red in autumn -	15c
GYPSOPHILA repens rosea - blue-gray mats with soft pink fls. in profusion -	25c
HEDERA helix conglomerata - Ivy - crowded lvs. on trailing, twisted stems -	25c
HELIANTHEMUM apricot, Ben Ledi (red), Ben Nevis (yellow), Brunette (burnt orange) double yellow, double red, single yellow, pink - each -	25c
HELBORUS orientale - Lenten Rose -	25c
HEPACATA acutiloba - early spring; fls. white to blue -	35c
H. triloba - obtuse lvs.; similar fls. to above -	25c
HORMINUM pyrenaicum - rosettes of puckered blue-green lvs.; blue-purple fls. -	25c
HYPERICUM polyphyllum - trailing mats of gray lvs.; large yellow fls. -	25c
IRIS sibirica - sub-shrubby; evergreen; white fls. in profusion -	25c
I. s. orenata - low growing; evergreen; black fruit; unusual - small plants -	25c
I. atrovirens, cristata and pumila - each -	15c
I. Douglasiana, lacustris, Ruthenica and tenax - each -	25c
I. sibirica - Roof Iris - very lovely flat-topped, white fls. -	35c
JOTOMA fluviatile - low, matted plant; white fls. striped with purple -	25c

LAVENDULA atropurpurea nana - French Lavendar - dwarf; very dark fls. -	25c
LEWISIA columbiana rosea and Finchii - each -	25c
LITHOSPERMUM prostratum - dark green mats covered with blue fls. in late spring -	25c
LYCHNIS alpina - small tufts surmounted by tightly clustered rose fls. -	15c
MAHONIA aquifolia - shiny leaved Oregon Grape attaining 2 to 4' in height -	35c
NEPETA cataris - old-fashioned Catnip - aromatic herb -	25c
N. mussini Six Hills - improved variety; about 1' in height -	25c
N. m. superba - an earlier flowering variety of lax habit -	25c
NIEREMBERGIA hippomanica - bell shaped fls. of lavender-blue -	25c
OMPHALODS verne - Creeping Forget-me-not - clear blue fls. over long season -	25c
PACHISTIMA canbyi - low evergreen shrub; inconspicuous reddish fls. -	25c
P. NSTEMON Barrettiae, Menziesii - ea. 25c P. rupicola alba, P. r. Pink - ea. -	75c
PELOX alba, Apple Blossom, atropurpurea, Camlensis, Sprite and subulata -	15c
PIERIS floribunda - Lily-of-the-Valley Bush - small plants - choice -	35c
PIRELLA coartica - leaves at 4 angles from stems; white fls; low growing -	25c
PLATYCODON Mariesi - Balloon Flower - deep purplish flowers; showy -	35c
POTENTILLA cinera - dainty wee plant with golden yellow fls.; dark green lvs. -	25c
P. Tonguei - semi-prostrate stems; fls. apricot with orange centers -	25c
PULMONARIA lutea, saccharata and Mrs. Moon - each -	25c
RANUNCULUS montanus - not a run-away type of buttercup; bright yellow fls. -	15c
ROSA Rouletti and Oakington Ruby - dwarf roses of good hardiness - each -	15 & 25c
SAXIFRAGA aizoon, a. rosea, megasea cordifolia & crassifolia, decipiens, Guilford Seedling, lingulata, marginata, umbrosa nana - each -	25c
SEDUM album, divergens, Oreganum, reflexum, cristatum & spathulifolium - each -	15c
SEMPERVIVUM arachnoideum, atroviolaceae, calcareum, rubicundum, tectorum - each	15c
SENECIO cineraria - Dusty Miller - a fine gray edging plant -	15c
SIEVERSIA ciliata - gum-like plant; rose colored fls.; 12' in height -	25c
SILNE SCHAFFA - rosy fls. in August and September -	15c
TUNICA saxifraga fl. pl. - dbl. pink fls. in late summer; wiry stems -	25c
VERONICA Heckneri - looks like a Cassiope; yellow-green foliage -	25c
VIOLA odorata, o. The Czar, Rosina, dbl. Russian - small plants - each	25 & 75c

CREEPERS & GROUND COVERS

ACALNA glauca - trailing; gray foliage; quite attractive -	15c
A. microphylla - similar habit; green lvs. turning crimson in autumn -	15c
AJUGA genovensis - large green lvs.; spikes of light blue fls. in April -	15c
A. reptans rubra - lvs. burnished bronze; purple fls. -	15c
ARCTOSTAPHYLOS uva-ursi - Bearberry or Kinnikinnick - a fine creeping evergreen	25c
ARENARIA Balcarica - miniature white fls. above tiny, ovate, glossy lvs. -	25c
BELLUM minutum - wee daisies an inch or two above light green mats -	15c
COTULA squalida - carpet of ferny, light green foliage; shade loving -	15c
DRYAS Sundermannii - prostrate woody branches covered with oak-like lvs. -	35c
LOTUS corniculatus - clover-like lvs.; yellow, pea-blossom fls. -	15c
LUTKEA pectinata - Partridge Foot - native of our alpine areas -	25c
LYSIMACHI nummularia - Creeping Jenny - shiny round lvs.; yellow fls. -	15c
MAZUS reptans - lobelia-like fls. but larger and lavender; tender -	15c
MENTH. requienii - tiny lavender fls.; mint-scented lvs. and stems -	15c
MITCHELLIA repens - small oval, marbled lvs.; bell-like fls. -	25c
NIEREMBERGIA rivularis - each flower a white chalice open to sun and rain -	15c
POLYGONUM vaccinaefolium - slender, rusty branches; rosy fls. in late summer -	25c
SAGINA subulata - green carpet studded with white stars in summer -	15c
SHORTIA galacifolia - Oconoc Bells - shiny lvs. turning red in fall; white bells	35c
SILENE acaulis - moss-like, tufted perennial with deep pink fls. -	25c
VACCINEUM vitis-idae - creeping huckleberry; white fls.; red berries -	25c
V. v.-i. minor - miniature of the preceeding; ideal under rhododendrons -	25c
VERONICA repens - light blue fls.; dense mats of light green lvs. -	15c
VINCA minor - Periwinkle - blue, white or purple -	15c

Platycodon

DWARF RHODODENDRONS & AZALEAS

Mitchellia

AZALEA balsaminaeflora - double rose-peach fls.; very dwarf; small plants -	25c
A. Flame Creeper - single fls. of the same color; grows slightly faster -	25c
A. mollis - deciduous; large salmon fls.; very showy -	50c
A. poukhanensis - evergreen; rosy purple fls. -	25c
A. Flame - 1.50 ... Lester Lovett - 75c ... Pinkoy - 1.00	
KALMIOPSIS Leachiana - kalmia-like fls.; dark green foliage; unusual -	1.00
RHODODENDRON ciliatum - large, pendant pink bells; evergreen -	25c & 1.00
R. cinnabarinum - a few small plants available -	35c
R. lapponides - shiny, pointed lvs.; large rose-red fls. -	25c & 1.00
R. fastigiatum - small, grayish-lvd. shrub; reddish fls. -	35c & 1.00
R. ferrugineum - clusters of deep pink fls.; shy bloomer -	35c & 50c
R. glaucum - rose-colored, campanulate fls.; lvs. glaucous beneath -	35c & 50c
R. hirsutum - hairy branches; light green lvs.; corise fls. -	35c & 50c
R. impanum - lavender to purple fls.; very dwarf - small plants -	35c & 50c
R. impletum - similar to R. fastigiatum; green lvs. -	35c & 1.00
R. mucronulatum - very early; lavender fls.; 2 to 4' in height -	25c & 1.50
R. Pomakense - large pink bells; sturdy growth; small plants -	35c
R. racemosum - clusters of clear pink fls.; one of the best dwarf rhododendrons	35c

DWARF CONIFERS

CHAMAECYPARIS Lawsoniana Fletcheri - fluffy, bluish, pyramidal shrub -	75¢
C. l. minima - low, rounded shrub with ascending branches turned sideways -	75¢
C. l. nana - dwarf, globose, dk. blue-green, frond-like branches - small -	35¢
C. l. pisifera filifera nana - sea-green tight mounds; very dwarf; rounded -	35¢ & 1.00
C. obtusa - Hinoki Cypress - tall; branches horizontal; open in habit -	3.00
C. o. gracilis - denser shrubs; slightly broader in form; more graceful -	2.50
C. o. nana - dwarfier variety of the above - small plants only -	35¢
C. pisifera dumosa - squat, silvery, fluffy cushions - small plants only -	35¢
CRYPTOMERIA Japonica nana - twisted branches clothed in dk. green needles -	25¢
JUNIPERUS Communis or montana - prostrate, slow growing, gray-lvd. form -	25¢
J. communis compressa - slender, compact gray spire; slow growing -	25¢ to 2.00
J. horizontalis prostrata - makes a lavender-green carpet -	50¢
J. variegata - prostrate form of graceful habit - small plants only -	25¢
PICEA Albertina conica - pyramidal; light green trees -	25¢ to 4.00
P. excolsa brevifolia - small domes; compact; short needles - very few -	50¢
P. o. capitata - another choice dwarf spruce -	50¢
P. o. clambresiliana - domed, dk. green bush not over 18" at maturity -	25¢ & 1.00
P. o. nidiformis - dishd out rather than domed -	25¢ & 50¢
P. o. procumbens - flat-topped; shiny, sharp needles -	25¢ & 75¢
P. o. pumila - similar to preceding -	25¢ & 75¢
P. o. Pygmaea -	75¢
P. o. repens - more sparsely branches & more open than P. o. procumbens -	25¢ & 75¢
P. orientalis - upright tree of slow growth; wants moist sandy soil -	4.50
TAXUS baccata - English Yew - a few small ones -	75¢
T. cuspidata aurea - variegated form; wide spreading branches; small plants -	25¢
T. o. nana - irregularly spreading shrub; rugged; slow growing -	25¢ & 2.50
T. repandens - a trailing form of graceful habit -	25¢
TSUGA canadensis Sargentii pendula - graceful cascading growth; delightful -	75¢

BROOMS

CYTISUS Kewensis - creamy fls.; low shower of branches -	50¢
C. purpureus - gracefully arching branches; purple-mauve fls. -	50¢
GENISTA dalmatica - thorny little gorse; hummocks of bright gold when in bloom	75¢
G. decumbens - prostrate, straggly variety suitable for bank or rockery -	75¢
G. falcata - thorny, wiry stems; achieves height of 2' or more - small plants -	25¢
G. horrida - silvery mounds with yellow fls.; spiny and stiff -	75¢
G. praecox - Moonlight Broom - reaches 3 to 5'; gracefully arching branches -	75¢
G. radiata - spidery bush; rounded appearance; bright green; yellow fls. -	1.50
G. sagittalis - Arrow Broom - prostrate; spikes of deep golden fls. -	50¢ & 1.00
G. tinctoria fl. pl - prostrate with tangled branches; dbl. yellow fls. -	25¢

DWARF HEATHERS

BRUGAENTHALIA spiculifolia - clear pink fls.; likes moisture -	25¢ & 50¢
CALLUNA vulgaris alba - soft green foliage; pure white fls. -	25¢
C. v. Alportii - deep rosy-lavendar fls. in late summer; dark foliage -	25¢
C. v. County Wicklow - dbl. pink; fall blooming; compact -	25¢ & 50¢
C. v. flore pleno - not so compact as preceding; dbl. lavendar fls. -	25¢
C. v. Floxi nana - well rounded mounds of light green; very dwarf -	35¢
C. v. J.H. Hamilton - darker fls. than Cty. Wicklow; dull foliage -	25¢
C. v. McKayi - soft dark green foliage; pale pink fls. -	25¢ & 35¢
C. v. minima - bright green ground cover; single pink fls. -	50¢
C. v. m. Smith's var. - spires of rusty foliage angling from plant -	25¢ & 35¢
C. v. nana - dwarf; dark green foliage, almost black in winter; pink fls. -	25¢
C. v. pygmaea - carpeting form but taller than C. v. nana; pink fls. -	25¢
C. v. variegata - golden tips to foliage, bronze in winter; pink fls. -	25¢ & 50¢
DABOECIA polifolia - Bell Heather - large rosy-purple bells -	25¢ & 50¢
ERICA arborea alpina - fragrant white fls.; tall growing; lacy foliage -	25¢ & 50¢
E. carnea - Winter Heath - rosy bells in great profusion; sprawling habit -	25¢
E. c. King George - dark fls. in Dec.; profuse blooming -	35¢
E. c. Springwood Pink - a new, very floriferous form; a few small plants -	35¢
E. c. S. White - light green foliage; white fls. in Jan.; very prostrate -	35¢
E. c. Vivelli - bronze foliage; very deep crimson fls. in January -	25¢ & 35¢
E. ciliaris - clear rose bells on upright spikes; wiry branches -	25¢
E. cinerea - full, graceful sprays of deep lilac pink fls.; Aug. -	25¢
E. c. alba - same foliage as above; pure white fls.; late summer -	25¢
E. c. Golden Drop - golden foliage; very compact; now; only a few plants -	35¢
E. c. rubrum - brilliant red fls. in late summer; rusty foliage; slow growing -	25¢
E. Dawn - prostrate; large pink fls. through summer; new foliage tips golden -	25¢
E. Mackiana - dainty clear pink fls.; rusty cast to foliage -	50¢
E. McKayi fl. pl. - stiff, dark foliage; dbl. bright pink fls. -	50¢
E. Mediterranean hybrids - small plants of this large growing winter heather -	25¢
E. stricta - Corsican Heath - 4' or more at maturity; upright branches -	25¢ & 50¢
E. tetralix - Cross-leaved Heather - terminal clusters of soft pink bells -	25¢
E. t. alba - similar stiff foliage; white fls. in summer - a few plants -	25¢
E. t. mollis - gray foliage; stiff stems holding large white bells -	25¢ & 50¢
E. vagans - pale lilac fls. in late summer; crowded terminal racemes -	25¢
E. v. Mrs. Maxwell - bright rose fls. in late summer; very choice -	25¢
E. v. St. Aeverne - equally crowded racemes of fls. but clear pink -	50¢
E. Williamsi - soft yellow foliage when new; rose-pink fls. in August -	25¢ & 50¢
E. Wych - a tetralix hybrid with blush pink fls. - limited number of plants -	50¢
E. cinerea Domino - large bells of snowy white, ebony sepals and stalks -	25¢

PERENNIALS

15¢ each

25¢ each

Agrostemma flos-jovis
 Anthemis Kelwayi
 Aquilegia hybrids (Columbine)
 Campanula glomerata
 C. persicifolia
 C. alba
 Centaurea cyanea (per. Bachelor Button)
 Cheiranthus allionii (Siberian Wallflower)
 Erigeron alpinus
 Fuchsia lanceolata
 Helianthus flore pleno
 H. hirsutus
 Iris sibirica
 Lychnis chalcedonica
 Oenothera sulphurea odora
 Phlox, doussata Salmon Queen
 Polemonium caerulea
 Rudbeckia Golden Glow
 Tradescantia virginiana
 T. v. Deep Pink

35¢ each

Dicentra spectabilis (Bleeding Heart)
 Pyrethrum roseum abl. mixed

50¢ each

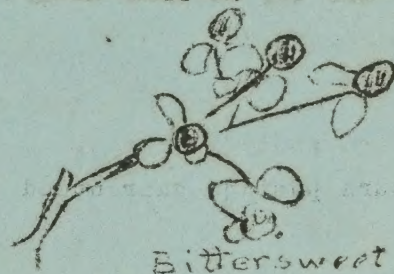

Aster Harrington's Pink

Erythronium

Artemisia lactiflora
 A. Silver King
 Aster Farreri
 A. Frikarti (Wonder of Staffa)
 A. Barris Pink
 A. Lilac Time
 A. Nancy
 A. Snowsprite
 A. Ereboides
 A. luteus
 A. Climax
 ... Skylands Queen
 Astilbe (pink or white)
 Campanula persicifolia alba fl. pl.
 Coreopsis grandiflora single
 Delphinium belladonna Cliveden Beauty
 Dianthus Elinor
 Epimedium sulphureum
 Gaillardia large flowered Goblin
 Geranium maculatum
 Gypsophila paniculata (Baby's Breath)
 Hollyhocks (Mixed colors)
 Iris Kaempferi (Japanese Iris)
 I. pseudacorus (Water Iris)
 Lupinus polyphyllus
 Lychnis viscaria splendens fl. pl.
 Mertensia virginica
 Podophyllum peltatum (Mayapple)
 Stokesia laevis

Mertensia

Bittersweet

FUCHSIAS - tall & low hardy ones & many lovely tender ones including The Doctor, Covent Garden, Old Del Monte, Elsa, Giant Cascade, Balkan Triller, Brilliant, Katy o' Day, Rollo, Thomasoniana, Display & Pink Pearl. Small, 15¢; large, 35¢.

LADY SLIPPERS - Cypripedium acaule (rose colored), C. pubescens (yellow), and C. Spectabile (pink) -

25¢

CAMELLIAS - Akebono, Belle Romano, Chandleri Elegans, Cheerful, Empress of India, Fanny Bollis, Jordan's Pride, Wakamura - Small plants of some of these are available -

3.00

35¢

PRIMULA acaulis, P. polyanthus, P. cashmeriana and P. japonica -

15¢

P. acaulis Blue - 25¢

P. Juliae - 25¢

P. Wanda - 25¢

P. auricula - 25¢

P. Rae - 50¢

P. Veitchii - 35¢

BULBS - Crocus (purple, white, yellow), Muscari, Ornithogalum, Scilla- Dz. -

50¢

Erythronium Hendersoni, Pink Beauty, Rose Beauty - each -

15¢

VINES - Bignonia radicans (Trumpet Vine), Celastrus scandens (Bittersweet) -

50¢

ALPINE STRAWBERRIES - small but very sweet berries; have no runners -

25¢

FISH & PLANTS for the OUTDOOR POOL

GOLDFISH - Comets - fast swimming; hardy; have long tails - 10 to 35¢ each

SNAILS - Ramshorn & Pond - scavengers to keep the pool clean and healthy - each - 2¢

OXYGENATING PLANTS - Anacharis or Myriophyllum - 5 stems per bunch -

15¢

Azolla or Duckweed - miniature floating plants -

10¢

Dwarf Sagittaria - grass-like foliage -

5¢

DECORATIVE PLANTS - Bogbean, Cat-tail, Umbrella Palm, Water Iris (blue or yellow),

Water Hawthorne -

25¢

Water Poppy, Large Sagittaria or Water Hyacinth -

10¢

(Hyacinth available only after May 15)

Water Lilies -

Chromatella, Comanche, Conqueror, Marlboro White - 1.00

1.50

Escarboucle or James Brydon -

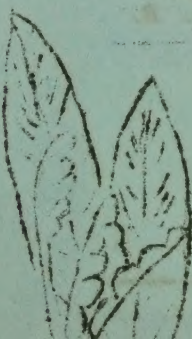

.50

Mexicana (small yellow) -

.75

Pygmaea (miniature - suitable for indoors) -

.75

Duckweed

GREETINGS!

People are turning their attention to their gardens with increased interest since they are apt to spend more time at home than ever before. We welcome the opportunity to assist you in planning what plants will best serve your needs. The list herewith offered will furnish some idea of the plants we raise. Many names are omitted for lack of space but we will always be glad to have you write or call about other species we might possibly have in small quantity. Descriptions are necessarily meager, too.

Visitors are always welcome and the accompanying sketch will aid you to find our nursery. Our small staff makes it impossible for someone to be available at all hours so we suggest, for your own convenience as well as ours, that you telephone first when planning a visit and coming from any distance.

Mail orders are given prompt attention although shipping is limited to once a week. Packing for shipment is gratis. Postage or express charges are to be paid by the customer as is the retail sales tax for Washington customers and these should be included in your check or money order. When very small amounts are enclosed you may wish to send stamps. If so, please send only small denominations such as one, two or three cent.

We attempt to name plants correctly but no guarantee is expressed or implied. Growing conditions affect plants so much that they may look entirely different in your garden than they looked in the nursery. They leave us in good condition and should do well if properly grown.

Let us know your needs in the lines in which we specialize and we will try to fill them.

1942 - 1943

ROCK PLANTS PERENNIALS
